**NOTES:**

- Please ensure that you complete this Cabin bunk list.
- This list will act as additional information for the Building Warden and the Fire Department in the event of an evacuation from the building during your stay.
- Please indicate any persons within your group who may require assistance to leave the building in the event of an evacuation (*examples may be people who are hard of hearing, partially sighted, physically or mentally disabled/impaired or infirm.*)
- You should place this completed list on the clip located above the camper phone in the corner of the foyer area. In the event of an evacuation the Building Warden will use this form to establish that all people have been accounted for and removed from the buildings.
- The Building Warden will pass this information onto the Fire Department upon their arrival.
- It will also help the Fire Department in the event of them having to rescue anyone particularly those who require help by giving the Fire Department a location for the person or persons who may require help or assistance.
