

# RAMS

Risk Analysis & Management Systems

Reviewed 15/10/2020 (AT)

# Flying Fox

**Risk Level:** Medium - High

**Minimum Group Adults Needed:** 2

**Maximum Participants:** 12 - Please note that if there are more than 12 students there may need to be more supervision provided.

**Location:** Flying Fox

**Supervisors:** Instructor and Parent Helpers/Teacher(s)

### Important Information for Supervisors of Activity Groups:

- ⇒ The children and their safety is **your** responsibility for the entire duration of the session. Do not allow any child to leave the group without your permission.
- ⇒ Please ensure your cellphone is off & attention is on the children at all times.
- ⇒ Please ensure you are acquainted with the **Activity Instructions** and the **RAMS** form for your activity prior to beginning the session.
- ⇒ It is expected that your organisation will have briefed supervisors as to any special needs/at risk children (e.g. a severe bee-sting allergy, epilepsy).
- ⇒ If you have any concerns about the activity, the equipment or your level of ability in regard to this activity, please speak with One Big Adventure staff immediately.
- ⇒ Normal precautions for child safety apply such as:
  - ◆ Ensure adequate clothing and footwear are worn especially if outdoors.
  - ◆ Maintain group control at all times.
  - ◆ Be aware of emergency procedures.
  - ◆ Know who your First Aid Officer for the group is and their location.
- ⇒ Encourage full group participation and have fun together!

### EMERGENCY PROCEDURES

1. Stop the activity
2. Assess the situation and the group safety as well as your own
3. Administer first aid and seek further treatment if necessary
4. Fill in Accident Report Sheet with your First Aid Officer (See Staff)

- ◆ The **RAMS** outlined below are for hazards that could result in serious illness, injury and/or death. These hazards are specifically related to use of One Big Adventure activities and equipment.
- ◆ Risks associated with normal daily life have not been included (such as bee stings, sunburn, etc.) as it is expected that all groups will apply normal precautions to avoid these and to address them if need be.

Equipment		
Risks	Causing Factors	Normal Operations
Death or Injury	Equipment or structures failing or unsafe	Equipment and infrastructure to undergo regular intensive maintenance by Staff
	Equipment not provided or usage not explained	All necessary Equipment provided and correct usage explained and enforced, including harnesses

Environment		
Risks	Causing Factors	Normal Operations
Injury	Slipping on stairs in wet weather	Participants to move carefully and activity closed if raining heavily - this is at the discretion of the instructor.
Injury	Falling pinecones	Participants not to hang around under the tree unless walking up the tower with their helmet on.

People		
Risks	Causing Factors	Normal Operations
Death or injury	Long hair or clothing caught	Ensure long hair is tied back and no loose clothing hanging out
	Participant falling	Ensure all gear is attached & harness checked by One Big Adventure Instructor before 'flying'
	Participant hitting descent stairs or someone/thing else	Adult in charge of moving descent stairs out of the way before Fox goes. Electronic gate operation. No-one allowed in path of Fox
	Loss of group control/misbehavior	Ensure adequate Adult supervision ratios including trained One Big Adventure Instructor always present
