Adventure*
YOU HAVE TO BE THERE

Wilderness Rescue

**Important Information for
Activity Supervisors**

RAMS

Activity location maps for all campsites can be downloaded at onebigadventure.org.nz or can be found in the One Big Adventure Information Booklet.

RAMS

Risk Analysis & Management Systems

Activity: Wilderness Rescue

Risk Level: Low

Recommended Adult:Child Ratio: 1:6

Location: Side room of gym & bush area (Carey Park)
Dining room or lounge & bush area (Piha Mill)

Supervisors: Parent Help/Teacher(s)

Important Information for Supervisors of Activity Groups:

- ⇒ The children and their safety is **your** responsibility for the entire duration of the session. Do not allow any child to leave the group without your permission.
- ⇒ Please ensure cellphones are off and your attention is on children at all times.
- ⇒ Please ensure you are acquainted with the **Activity Instructions** and the **RAMS** form for your activity prior to beginning the session.
- ⇒ If you not confident about any aspect of the activity, the equipment or your level of training, please speak to One Big Adventure staff immediately.
- ⇒ It is expected that your organisation will have briefed supervisors as to any special needs/at risk children (e.g. a severe bee-sting allergy, epilepsy).
- ⇒ Normal precautions for child safety apply such as:
 - ◆ Ensure adequate clothing and footwear are worn especially if outdoors.
 - ◆ Maintain group control at all times.
 - ◆ Be aware of emergency procedures.
 - ◆ Know who your First Aid Officer for the group is and their location.
- ⇒ Encourage full group participation and have fun together!

Reviewed 3/8/18 (RS/JB)

RAMS

Risk Analysis & Management Systems

Activity: Wilderness Rescue

- ◆ The **RAMS** outlined below are for hazards that could result in serious illness, injury and/or death. These hazards are specifically related to use of One Big Adventure activities and equipment.
- ◆ Risks associated with normal daily life have not been included (such as bee stings, sunburn, etc.) as it is expected that all groups will apply normal precautions to avoid these and to address them if need be.

Equipment		
Risks	Causing Factors	Normal Operations
Injury	Participant dropped during mock rescue scenario	Participants to be careful with each other and with equipment

People		
Risks	Causing Factors	Normal Operations
Injury	Loss of group control or misbehavior	Adequate adult:child ratios & manage group order

EMERGENCY PROCEDURES

1. Stop the activity
2. Assess the situation and the group safety as well as your own
3. Administer first aid and seek further treatment if necessary
4. Fill in Accident Report Sheet with your First Aid Officer (See Staff)
